Why *OLBA*

"We don't just sell products. We develop know-how, then make it repeatable."

01
French artisan know-how
Recipes developed by professionals trained in the French school.

02
Central kitchen in Riyadh
Real daily production, compliant with Saudi regulations.

03
Premium raw materials
Valrhona chocolate, French flours, house-made preparations.

04
Consistent quality
Validated recipes, regular production, constant quality control.

05
Controlled cold chain
Fresh, raw, par-baked or finished frozen products, as you need.

06
A partner, not a supplier
From finished product to bespoke: we adapt to your brand.

Beyond the catalogue

The method *OPM™*

For any bespoke or white-label recipe, our R&D team follows OPM, the OLBA Product Methodology: eight phases to make sure a product is excellent, profitable and repeatable before launch.

00
Strategic brief
Brand, target, selling price and food cost goals, constraints, volumes.

01
Research & development
Ingredients, first recipes and prototypes, several directions.

02
Taste & visual validation
Taste, texture, balance, finish: quality first.

03
Cost optimisation
Food cost, weights, yields, without upsetting the balance.

04
Production engineering
Recipe turned into a repeatable standard.

05
Technical documentation
Recipe sheets, process, SOPs, shelf life, control points.

06
Commercial documentation
Sales sheet, allergens, nutritional values, storage.

07
Final validation & launch
Last adjustments, ready to produce and sell.

Event *Box*

Your event, turnkey: hire our box and trays to showcase your desserts, with or without our team.

Box and tray hire

A dessert space ready to set up, filled with our pastries.

With service by our team

Our staff plate, serve and clear during your event.

Without service

You handle the service, we supply the box, trays and desserts.

Entrust us *with your creation.*

You have the idea, the concept or the recipe. We develop it, produce it and deliver it, under your name. OLBA's R&D team works for you, from the first prototype to regular production.

Your recipe, our laboratory

From idea to ready-to-sell product: development, prototypes, validation and production start-up.

Your constraints, our expertise

Gluten-free, no added sugar, allergens, nutritional profiles, special textures and formats.

Your menu, always fresh

Limited editions, seasonal ranges, cost optimisation and production consistency.

On quotation · depending on scope and volumes

Beyond the catalogue

White *label*

Two ways to work under your name, depending on whether the recipe is yours or ours.

MODEL 1

Your recipe, our production

You entrust us with your recipe or specifications. We produce it in the central kitchen, with your formats, weights and label.

MODEL 2

Our recipe, your brand

You choose a recipe from the OLBA catalogue, or one developed for you by the R&D team, and sell it under your own brand.

In both cases

SFDA compliance, technical and allergen sheets, validated shelf life, consistent production.

Terms

Minimum volumes, labelling and lead times: on quotation.
